**S2 INFOTECH INTERNATIONAL LTD | JAVA FULL-STACK DEVELOPER** Mumbai, India | July 2018 – Jun 2019

- Designed and developed UI screens with JavaScript and JSP.
- Created robust Java APIs using Spring Boot for efficient data handling.
- Conducted test case creation and execution for quality control.

**NSEIT LTD | SYSTEM ANALYST**

Mumbai, India | July 2019 – July 2021

- Analyzed requirements and delivered solutions based on object oriented design principles.
- Developed application-level code, designed databases, and managed deployments.
- Contributed to UI development using HTML, JavaScript and Angular 7 for enhanced user interfaces.
- Performed debugging, wrote test cases and conducted unit and integration testing.
- Successfully resolved technical issues to ensure application functionality.
- Participated in code reviews and peer evaluations for quality control.

**COGNIZANT TECHNOLOGY SOLUTIONS INDIA PVT LTD | SENIOR DEVELOPER**  
2021 – Present

Pune, India | August

- Analyzed requirements and providing optimal solutions for projects.
- Developed UI and APIs using HTML, React JS, Vertx framework, and occasionally Spring Boot.
- Conducted unit testing with JUnit for APIs and used Jest library for UI testing.
- Participated in code reviews, approved pull requests (PR), and contributed to database design.
- Managed application deployments using Jenkins and XLR release templates for efficient releases.

## SKILLS

**PROGRAMMING LANGUAGES**  
**LIBRARIES/Frameworks**  
**TOOLS / PLATFORMS**

C, C++, Java, JavaScript  
React JS, Angular 7, Spring Boot, Vertx, Hibernate, JPA, Microservices  
IntelliJ IDE, Eclipse, VS Code

## PROJECTS / OPEN-SOURCE

**ANGULAR-MASTER-DETAILS-CRUD** | [LINK](#)

basic resturant application

Java, TypeScript, HTML, JavaScript, CSS

**SHOP-CART.GITHUB.IO** | [LINK](#)

JavaScript, HTML, CSS

**TODO-APP.GITHUB.IO** | [LINK](#)

JavaScript, CSS, HTML

This this todo application developed while learning react

**SAYYED-IBRAHIM-ABDULLAH.GITHUB.IO** | [LINK](#)

This is my portfolio project

**ADMIN-UI-APP** | [LINK](#)

JavaScript, HTML, CSS

This is a Geektrust UI challenge

**SPRING-BOOT-MICROSERVICES-EXAMPLE** | [LINK](#)

Java

This Repo contains very important topics of microservices

## CERTIFICATIONS

- Professional Diploma in Digital Transofrmation Program - Java Enterprise Apps with Devops - **NIIT, MUMBAI**
